

SUSTAINABLE PROCUREMENT

As of the end of 2019, we have integrated the sustainability performance of suppliers into our current supplier evaluation system as an evaluation criterion. We encourage our suppliers, who represent an essential link in our value chain, to improve their sustainability performance. For 2024, we attained an A rating in the CDP Supplier Engagement Reporting.

In 2024, we invited 80 global and local suppliers from different locations to participate in the Kordsa Annual Supplier Sustainability Survey.

In 2024, 80 of our suppliers were included in our Sustainable Supply Chain program. 57% of our suppliers signed Kordsa Supplier Business Ethics Statement. We provided training on sustainable procurement to 40% of all supply chain employees across all locations.
